The objectives of our Federation include conducting studies in agriculture & rural credit, review and publish important documents/monographs on various aspects pertaining to short term cooperative credit institutions and also disseminate the same. Our Federation has been making sincere efforts in this direction and published so far 495 such documents on variety of issues. In addition to these publications, our Federation on a regular basis has been bringing out annual publications of the Basic Data on Performance of State Cooperative Banks, District Central Cooperative Banks and Primary Agricultural Credit Societies separately and a few analytical occasional papers on selected performance parameters. An attempt has also been made earlier to bring out fifteen publications on the data pertaining to Primary Agricultural Credit Societies (PACS).

There is an increasing demand for a publication dealing with state wise performance parameters of PACS. Therefore, our Federation attempted to bring out the current publication entitled “Performance of Primary Agricultural Credit Societies” by incorporating about 119 performance indicators - a detailed and improved version of earlier publications on PACS.

We are able to bring out the current publication well on time entirely due to the Cooperation of State Cooperative Banks, District Central Cooperative Banks and also the Registrar of Cooperative Societies. We are very much thankful to them.

We appreciate the sincere efforts of Shri R. H. Singh, Assistant Director in the Federation in the compilation of the data. We are also able to incorporate the graphical presentation of performance of the PACS entirely due to efforts of Shri Singh.

We hope that the publication will be useful for further analysis and to work out development action plans. We do further hope that the Apex Banks/DCCBs will attempt to develop profile of the PACS in respective states to help them to formulate concrete action plans to ensure their viability.
